1. Open Microsoft Edge by double clicking on the icon

2. Look for the settings options which are in the top right hand corner and click on them. The settings option appears as three dots in a row

3. Then click on the Read Aloud option

4. The page will automatically start being read. You can see the options in the top right of the screen

   - Close the reader by clicking the X
   - Click the human icon to toggle voice speed and sound
   - Go back
   - Pause and Play
   - Skip forward

You can find more info and instructions to read PDFs from the following link on the Windows 10 forum.
